Jan 2018 - May 2018

- Created web-app inspired by GlassDoor for CodeBase members to share their work experience and advice
- Profiles team - used Slack API for authentication
- Technologies: HTML/CSS, Django, JS, React

## EDUCATION

### University of California, Berkeley

B.A Computer Science

2017-2020

#### Relevant Coursework:

- Human Centered Design
- Discrete Math & Probability
- Data Structures & Algorithms
- Machine Structures
- Computer Security
- Intro to Artificial Intelligence
- UI Design & Development (FA19)
- Intro to Machine Learning (FA19)

#### Technologies:

- Java
- Python
- C
- HTML/CSS
- JavaScript
- SQL
- Adobe Creative Suite

#### CS Scholars Program

- 1/60 students chosen on the basis of increasing diversity in CS, particularly first generation, minority, and socioeconomically disadvantaged students

#### a16z Generation Design Mentorship Program

- A program for selected college design students to connect with designers from leading tech start-ups within the a16z portfolio
- Mentors guide the selected students to help with design challenges and their future in the industry.

### smartstall | Interaction & UI Design

[tinyurl.com/smartstall](http://tinyurl.com/smartstall)

Fall 2017 - Present

- Conducted a case study to accomplish the goal of improving the public bathroom experience
- Designed the interface of a screen that could potentially be installed on both sides of a stall door
- Technologies: Adobe XD

### box | UI Design, Mobile App Development

[sophialau.me/box](http://sophialau.me/box)

Fall 2017 - Present

- Conducted a case study to accomplish the goal of improving the moving experience
- Designed the user interface and flow of a mobile app as a potential feasible solution
- Implemented design & functionality as a mobile application
- Personal project used to advance user-design skills and learn basic mobile development
- Technologies: Adobe XD, Swift

### Personal Website | Web Design & Development

[sophialau.me](http://sophialau.me)

Fall 2017 - Present

- Personal project used to learn HTML, CSS, and JS
- Built entire website from scratch in 24 hours with help from StackOverflow
- Technologies: HTML/CSS, JS
